## **Professional / Academic Qualifications:**

1975 B.Sc(Hons) Radiation Physics with Earth Science (First Class), University of Liverpool  
1977 M.Sc Medical Physics, University of Surrey  
1982 Member of the Institute of Physics  
1985 Chartered Physicist  
1985 Ph.D University of Liverpool (Faculty of Medicine), 'Observations on somatosensory evoked potentials recorded from within the human spinal cord'.  
1992 Certificate in Education (FE/HE) (Distinction), Nene College /CNAAB  
1997 Member of the Physiological Society  
1997 Personal chair conferred, Professor of Neurophysiology  
2004 M.Sc Applied Statistics (Distinction), Sheffield Hallam University  
2008 Fellow of the Royal Statistical Society  
2009 Chartered Statistician, Royal Statistical Society  
2011 Honorary Fellow Royal College of Occupational Therapy  
2014 Fellow of the Royal Biological Society  
2020 ONS Accredited Researcher  
2021 Honorary Fellow, Pain Relief Foundation

## **Present Position:**

Oct 2014 – present. 0.6 fte Professor of Neurophysiology, Faculty of Health, Education and Society, The University of Northampton and independent statistical and research consultant.

## **Previous Positions:**

1975-76 President, Liverpool University Guild of Undergraduates (sabbatical post)  
1977-87 University of Liverpool and Pain Relief Foundation, Basic/Senior Grade Medical Physicist and Research Fellow  
1987-91 Nene College, Northampton, Lecturer/Snr Lecturer  
1991-96 Head, School of Health and Life Sciences, Nene College, Northampton (Seconded as Research Degrees Director Feb-July 1994)  
1996 –2004. Head of Research and Consultancy, Centre for Healthcare Education, University College Northampton  
2005-2014 Professor of Neurophysiology, Faculty of Health and Society and Institute of Health and Wellbeing, University of Northampton

## **Membership of external and professional bodies, national committees etc.:**

### Current

- Fellow and Chartered Statistician, Royal Statistical Society
- Member and Chartered Physicist, Institute of Physics
- Fellow, Royal Biological Society
- Honorary Fellow, Royal College of Occupational Therapists
- Honorary Fellow, Pain Relief Foundation, Liverpool
- Member, Physiological Society

- Member, International Association for the Study of Pain
- ONS Accredited Researcher
- Royal Statistical Society Accreditation Assessor
- Member, Statistical panel, The Lancet journals
- Member of College of Raters for NIHR Dissemination Centre
- Mentor, NIHR Clinical Academic Training mentorship programme
- Member, NIHR Health Technology Assessment programme College of Experts
- Member, Scientific Committee, Pain Relief Foundation
- Member, International Advisory Board, The Foot (International Journal of Foot Science, Elsevier Publications)

#### Recent previous membership

- Co-Chair, Regional Advisory Board, NIHR Research Design Service East Midlands
- Member of Panel of Experts, NIHR Research Design Service East Midlands
- Member, Royal Statistical Society, Statisticians for Society Scoping Committee
- Expert panel member for all National Institute for Health Research (NIHR) Clinical Academic Training Pathway (CATP) awards (to 2015)
- Chair, NIHR panel for Mentorship Programme tender 2015
- Member, Regional Board, Primary Care Research Network East Midlands & South Yorkshire (to 2014)
- Member, Association of UK University Hospitals Clinical Academic Careers sub-group (to 2014)
- Member, National Institute for Health Research (NIHR) Clinical Academic Training Pathway (CATP) Implementation Group (to 2013)
- Health Professions Council, Lay Partner (lay visitor) (to 2013)
- Governor, Nordoff-Robbins Music Therapy (to 2013)
- Member, University of Liverpool Court (to 2013)
- Chair, Data Monitoring Committee, Sheffield Clinical Trials Unit (to 2012)
- Member, Core Executive of the National Physiotherapy Research Network (to 2011)
- External member, Quality Assurance Committee, Society of Chiropractors and Podiatrists (to 2011)
- Member, Research Forum for Allied Health Professions (to 2011)
- Society of Chiropractors and Podiatrists, Research Adviser (and co-opted member of Boards of Faculty of Undergraduate Education, Podiatric Medicine, Podiatric Surgery, Management) (to 2011)
- Member, College of Podiatrists Research and Development Committee (to 2011)
- Member, Steering Group of the UK Occupational Therapy Research Foundation (to 2010)
- Chair, Nordoff-Robbins Research Ethics Committee (to 2010)
- Chair, Nordoff-Robbins, Research Degrees Committee (to 2010)
- Chair, Research Forum for Allied Health Professions (to 2009)
- Member, Skills for Health National Reference Group (to 2009)
- External member, Northampton General Hospital Research Governance Subcommittee (to August 2009)
- Member, National Institute for Health Research (NIHR) Faculty Implementation Group (to 2007)
- Member, Steering Group, UK Federation of Primary Care Networks (to 2007)
- Statistician member, Northamptonshire Local Research Ethics Committee (until July 2005)
- Member, National Working Group on NHS/HE IT (until 2004)
- Educationalist Expert Member of Arts Therapists Board, Council for Professions Supplementary to Medicine (Appointed by Secretary of State for Education) (and

- member of Arts Therapists Board Education and Training Committee, Disciplinary Committee and Joint Quality Assurance Committee) (until 2002)
- Elected non-OT member, Research and Development Board, College of Occupational Therapists (1997-2000)
- Vice Chair, Board member and research adviser to the research and development consortium for ambulance services (RDAC) (to 2000)

### **Reviewing and external examining experience**

- Referee and reviewer:
  - (Journals) The Lancet, The Lancet Neurology, The Lancet Respiratory Medicine, The Lancet Global Health, The Lancet Diabetes and Endocrinology, The Lancet Gastroenterology and Hepatology, Journal of Neuroscience Methods, Archives of Pediatrics & Adolescent Medicine, Age and Ageing, Journal of Wound Care, Australian Health Review, Journal of Foot and Ankle Research, British Journal of Podiatry, British Journal of Occupational Therapy, The Foot (International Journal of Clinical Foot Science);
  - (Grant awarding bodies) NIHR (RfPB, HTA, Applied Research Programme grants, SDO, HSDR), Nuffield Foundation, Dunhill Medical Trust, Scottish Office, Pain Relief Foundation, College of Occupational Therapists, Scottish Executive Health Department, UKOTRF, SCP;
- Member of College of Raters for NIHR Dissemination Centre
- Reviewer for NICE Guideline development
- Panel member and reviewer for all NIHR Clinical Academic Training Programme Award schemes
- Conference abstract reviewer: World Federation of Occupational Therapists Conference; Society of Chiropractors and Podiatrists Conference
- Curriculum reviewer and adviser, Royal College of Nursing
- External examiner, PhD, University of Reading
- External Examiner, PhD, Sheffield Hallam University
- External examiner, PhD, La Trobe University, Melbourne, Australia
- External Examiner, PhD, Birmingham City University
- External examiner, Doctorate in Professional Studies by Public Works, Middlesex University
- External supervisor, PhD, Canterbury Christchurch University College
- External examiner (until June 2005) University of East Anglia (BSc Physiotherapy, BSc Occupational Therapy)
- External examiner (until June 2005) London South Bank University (MSc Occupational Therapy)

### **Research degrees experience:**

Chair of the College Research Degrees Board 1992-2000  
 UCN Research Degrees Director 1994  
 Supervised 15 PhD and 5 Prof Doc students to successful completion  
 Examined 8 PhD, 2 DProfPrac and 1 MPhil degrees (6 as external examiner)  
 Currently supervising 3 DProf Prac and 4 PhD students

Member of curriculum development team, module lead (statistics, research design and ethics) and Deputy Programme Leader for Doctorate in Professional Practice (started October 2010)

### **Research and evaluation (Areas of Expertise):**

Multidisciplinary pain and neurophysiology research

- clinical assessment of pain
- pain management
- quantitative sensory testing (monitoring of therapeutic outcomes on sensory system and investigation of underlying aetiology of neurological disease)
- electrophysiological measurement of somatosensory and nociceptive pathways
- psychophysical pain assessment
- electrical stimulation of neural structures for pain relief
- mechanisms of trigeminal pain
- computer modelling of electrophysiological systems
- use of computer simulation in modelling pain
- balance and cognition

Statistics and quantitative data analysis

Survey design and analysis

Health Services Research and Evaluation

Research and evaluation design

Research in Allied Health Professions

Production of research proposals

Healthcare ethics

Health and social care evaluation

Project management

Research capacity development

### **Health-related education experience**

- External adviser on MSc curriculum development, Royal College of Nursing
- External supervisor and mentor, MSc Evidence Based Healthcare, University of Oxford
- External PhD examiner, University of Reading, Sheffield Hallam University, La Trobe University (Australia), Birmingham City University, Middlesex University
- Lay visitor and member of the Conduct and Competency Panel, Health Professions Council
- Member of Quality Assurance Committee, Society of Chiropractors and Podiatrists
- External examiner to Queen Mary's, University of London, London South Bank University and University of East Anglia (occupational therapy and physiotherapy programmes)
- Extensive validation experience as panel member and as chair (> 20 validations) for undergraduate and taught postgraduate degree courses.
- Team leader and panel member for visiting panel CPSM Arts Therapists Board.

- Appointed Educationalist member, Council for Professions Supplementary to Medicine (Arts Therapists Board)
- Member of Joint Quality Assurance Committee, CPSM Arts Therapists Board
- QAA Institutional Nominee for Departmental Engagement, English UCN 2003
- External curriculum development advisor (social and community care) for University of Gloucester
- Education adviser to Sir Gordon Roberts College of Nursing for development and implementation of Project 2000 nursing and midwifery courses (Dip HE/RN, Dip HE/RM)
- Education adviser to St Andrew's School of Occupational Therapy for development and implementation of BSc (Hons) Occupational Therapy
- Responsible for/adviser to curriculum development and implementation of :
  - Prof Doc (Health and Social Care), University of Northampton
  - MSc Health Studies/Leadership/Professional Education, University of Northampton
  - BSc (Hons) OT Nene College
  - Diploma in Community Nursing, Nene College
  - BA Community Healthcare Nursing, Nene College
  - part-time Dip HE/BSc (Hons) Nursing, Nene College
  - part-time BSc (Hons) Podiatry/ BSc (Hons) Occupational Therapy/ BSc (Hons) Physiotherapy, Nene College
  - BSc (Hons) in Clinical Management, UCN
  - part-time Masters degrees in podiatry, occupational therapy, midwifery, nursing and health studies, UCN
  - national pilot site programme for development of pre-registration curricula for nursing
  - MSc pathway in primary care development
  - MSc modules in Pain, Pain Management, Evidence based Healthcare, Research Methods (University of Northampton)
  - Doctorate of Professional Practice (University of Northampton)
  - Prof Doc (level 8) modules in Advanced Quantitative Data Analysis, Principles of Research (University of Northampton)
- Extensive teaching experience of physical science, statistics and research methods to students across a wide range of professions in nursing, social care and professions allied to medicine and healthcare, both at pre- and post-registration levels.
- Considerable experience of designing and running development workshops on research-related topics for academic staff, research students and healthcare professionals.

## PUBLICATIONS

### Peer-reviewed Papers

**Rooney C, Pyer M and Campbell J**, Leaving it at the gate: phenomenological exploration of resilience in mental health nurses in a high secure personality disorder unit. *J Advanced Nursing*, accepted Oct 2023

**Greenwood, S.A., Young, H. M. L., Briggs, J., Castle, E. M., Walklin C. G., Haggis, L, Balkin,C., Asghari, E., Bhandari, S., Burton, J. O., Billany, R. E., Bishop, N., Bramham, K., Campbell, J., , Chilcot, J., Cooper, N., Deelchand, V., Graham-Brown, M. P. M., Hamilton, A., Jesky, M., Kalra, P. A., Koufaki, P., Macafferty, K., &10 others**, Evaluating the effect of a digital health intervention to enhance physical activity in people with chronic kidney disease (Kidney BEAM): A multi-centre, randomised controlled trial, *The Lancet Digital Health* (accepted Sept 2023)

**Walklin, C. G., Young, H. M. L., Asghari, E., Bhandari, S., Billany, R. E., Bishop, N., Bramham, K., Briggs, J., Burton, J. O., Campbell, J., Castle, E. M., Chilcot, J., Cooper, N., Deelchand, V., Graham-Brown, M. P. M., Hamilton, A., Jesky, M., Kalra, P. A., Koufaki, P., Macafferty, K., & 10 others**, The effect of a novel, digital physical activity and emotional well-being intervention on health-related quality of life in people with chronic kidney disease: trial design and baseline data from a multicentre prospective, wait-list randomised controlled trial (Kidney BEAM), 2023, *BMC Nephrology*, 24, 122

**Marshall A, Kalteniece A, Ferdousi M, Azmi S, Jude E, Adamson C, D'Onofrio L, Dhage S, Soran H, Campbell J, Lee-Kubli C, Hamdy S, Malik RA, Calcutt N, and Marshall A**, Spinal disinhibition: evidence for a hyperpathia phenotype in painful diabetic neuropathy, 2023, *Brain Communications*, 5, fcad051, <https://doi.org/10.1093/braincomms/fcad051>

**Vadgama N, Kreymerman A, Campbell J, Shamardina O, Brugger C, Research Consortium GE, Deaconescu AM, Lee RT, Penkett CJ, Gifford CA, Mercola M, Nasir J and Karakikes I**, SARS-CoV-2 Susceptibility and ACE2 Gene Variations Within Diverse Ethnic Backgrounds, 2022, *Frontiers in Genetics* 13, 1-12, <https://doi.org/10.3389/fgene.2022.888025>

**Reidinger, C., Campbell, J., Klein, W., Ferrer, R. and Usher-Smith, J**, Analysis of the Components of Cancer Risk Perception and Links with Intention and Behaviour: A UK-based Study, *PLoS ONE*, 17(1):e0262197, <https://doi.org/10.1371/journal.pone.0262197>

**Campbell, J and Leandri, M**, Measuring latency variations in evoked potential components using a simple autocorrelation technique, *Computational and Mathematical Methods in Medicine*, 2021, <https://doi.org/10.1155/2021/8875445>,

**O'Malley, M., Parkes, J., Stamou, V., LaFontaine, J., Oyeboode, J.R., Campbell, J., Carter, J.**, Current UK Clinical Practice in diagnosing dementia in younger adults: compliance with quality indicators in electronic health records from mental health trusts. *Ageing and Mental Health*, 2021, <https://doi.org/10.1080/13607863.2021.1969640>

**Campbell J A**, C fibre action potentials, *International Conference on Mechanisms of Trigeminal Pain*, University of Genova, Italy, November 8-10, 1996

**Campbell J A**, Computer simulation of compound action potentials, *Annual Meeting of The Physiological Society*, Edinburgh, July 4-6, 1996

**Campbell J A and Leandri M**, A simple method for computer modelling of electrophysiological recordings, *Vth Congresso di Informatica e Neuroscienze*, Università degli Studi di Siena, Italy, October 1995

**Campbell J A**, The use of computer simulation in electrophysiological research, *International Conference on Pain Mechanisms and Management*, Pain Relief Foundation, Liverpool, September 1995

**Campbell J A**, Neurostimulation: mechanisms of adverse effects, *2nd European Meeting on the Treatment of Chronic Pain*, Council of Europe Strasbourg, France, 1989.

**Campbell J A and Miles J B**, Intraoperative identification of the dorsal root entry zone using somatosensory evoked potentials, *Vth World Congress on Pain*, Int Association for the Study of Pain Hamburg, Germany, 1987 (Poster).

**Campbell J A**, Intraspinal seps recorded from the vicinity of the dorsal root entry zone, *3rd Int Symposium on Spinal Cord Monitoring*, Annapolis, USA, 1986.

**Campbell J A and Bowsher D**, Electrical activity recorded from within the anterolateral funiculus during percutaneous cordotomy in man, *Pain Symposium*, Royal Society of London, London, 1985 (Poster)

**Leandri M, Campbell J A and Lahuerta J**, Effect of attention on tooth-pulp evoked potentials, *Int Assoc for the Study of Pain, World Congress*, Seattle, USA 1985 (Poster).

**Campbell J A and Lipton S**, Intraspinal evoked potentials in man during cervical cordotomy, *World Congress on Spinal Cord Monitoring*, Tokyo, 1984.

**Campbell J A, Lahuerta J and Bowsher D**, Does lateralised pain occur more frequently on the left?, *Intractable Pain Society of Gt Britain and Ireland*, University of Glasgow, 1984 (Poster).

**Lahuerta J and Campbell J A**, Intensity of low back pain, cancer pain and post-herpetic neuralgia evaluated by the McGill Questionnaire, *Intractable Pain Society of Gt Britain and Ireland*, University of Glasgow, 1984.

**Campbell J A and Lahuerta J**, Physical methods used in pain measurements: a review, *Royal Society of Medicine, Pain Symposium*, Royal Society of Medicine, London, 1983.

**Campbell J A and Lipton S**, Somatosensory evoked potentials recorded from within the anterolateral quadrant of the human spinal cord, *Int Assoc for the Study of Pain, World Congress*, Texas Institute of Rehabilitation Houston, Texas, U.S. 1982.

**Campbell J A, Lipton S, Haywood M and Bowsher D**, Somatosensory evoked potentials recorded from within the human cord during percutaneous cervical cordotomy, *British Electrophysiological Society, 20th International Congress*, University of London, 1980.

**Campbell J A, Lipton S, Haywood M and Bowsher D**, Evoked responses recorded from the spinal cord during percutaneous cervical cordotomy, *International Evoked Potentials Symposium*, University of Nottingham, 1978
